DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed 26 July 2002 fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of each patent listed that is not in the English language. It has been placed in the application file, but the information referred to therein has not been considered.

Allowable Subject Matter

2. Claims 11-32 are allowed. The following is an examiner's statement of reasons for allowance: the prior art made of record failed to teach a phase modulator circuit comprising a negative impedance amplifier operable for reflecting and amplifying a signal applied to the amplifier.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Guena et al. (US 5,164,719) discloses a modulator circuit biased by switching means for switching a FET between two reflecting states to phase modulate, reflect but not amplify a microwave signal. Camiade et al. (US 5,173,705) discloses a mobile station or badge for demodulation and modulating a reflected RF signal.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Blane J. Jackson whose telephone number is (571) 272-7890. The examiner can normally be reached on Monday through Friday, 8:00 AM-5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Edward Urban can be reached on (571) 272-7899. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
